

TWIG

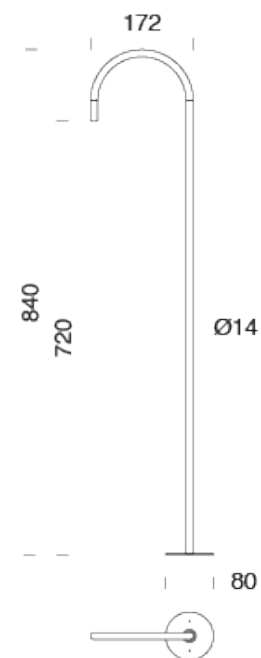

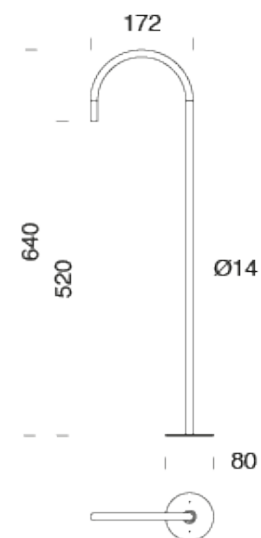

An essential and clean design that interacts discreetly with the space. A thin line that ends with a point of light. It illuminates the vegetation or paths, almost disappearing into the environment in which it is installed.

640

LAMPING

Source	LED
Total power	1,5W
Emission	symmetric 36°
Switching	according to driver
Color temperature	2700K/ 3000K
Dimensions	172x640mm
Materials	stainless steel
Notes	Preliminary information - Finish: black
