

SALINA

Famiglia di faretti da incasso downlight per illuminazione d'accento in interni. L'apparecchio può essere ruotato di 30° in verticale e ruotato di 355° a livello orizzontale, per orientare la luce in qualsiasi orientamento. La struttura modulare separa la lampada in più parti indipendenti. Gli anelli esterni con diverse finiture sono semplici da montare e possono essere facilmente sostituiti per soddisfare le diverse esigenze di apertura ed effetti estetici. Salina è proposto con diverse ottiche accessorie, per soddisfare differenti necessità di illuminazione.
